

## Sustainable Development

**Across**

- 1 Raw material from PVC production (3)
- 5 Material for window frames (4)
- 7 Protocol that limits carbon dioxide emissions (5)
- 8 Natural fabric (6)
- 9 Car powered by petrol-electric engine (6)
- 12 Type of fossil fuel (4)
- 15 Planet part of sustainable development (11)
- 16 Between production and disposal in a life cycle (3)
- 18 Profit part of sustainable development (8)
- 20 You find it in a bottle bank (5)
- 21 Fuel for cars (6)
- 22 We all live on it (4)

**Answers across:**

1 Gas, 5 Wood, 7 Kyoto, 8 Cotton, 9 Hybrid, 12 Coal, 15 Environment, 16 Use, 18 Economic, 20 Glass, 21 Petrol, 22 Earth

Continued overleaf.

**Down**

- 2** Man-made materials (9)
- 3** A basic human need (4)
- 4** Way to reduce waste that goes into landfill sites (7)
- 5** Source of renewable energy (4)
- 6** Non-renewable energy source (3)
- 10** First earth Summit was here (3)
- 11** Method for PVC recycling (8)
- 13** From raw materials to disposal (4,5)
- 14** Synthetic fabric (9)
- 17** It goes into your bin (5)
- 19** Many people want one of these (3)

**Answers down:**

**2** Synthetic, **3** Food, **4** Recycle, **5** Wind, **6** Oil, **10** Rio, **11** Vinyloop, **13** Life cycle, **14** Polyester, **17** Waste, **19** Car
